

Waimarino Shears

Covid Response Plan 2021

- **Alert Level 1** If unwell If you're unwell you should stay home - don't go to the gym or to the park to play. You should not participate in physical activity (or leave home) if you are displaying symptoms of COVID-19, awaiting a test, or required to self-isolate.
- **Cleaning and hygiene** You should continue basic hygiene measures, like regularly washing and drying your hands with soap and coughing and sneezing into your elbow.
- **Facility providers** should continue to regularly clean shared surfaces and to provide hand washing or sanitising facilities. However, there is no requirement to deep clean or sanitise equipment between uses.
- **Contact tracing** You should continue to keep track of where you have been exercising and who you were with. Facilities and event organisers should continue to enable contact tracing by displaying their QR codes and signage.
- **Physical distancing** While physical distancing is not required you should still consider distancing yourself from people you don't know if you can.

Alert Level 2-Contact Tracing Contact tracing register for all participants and spectators must be in place and able to be accessed quickly. **All facilities** and organisations must also display the NZ COVID Tracer QR code at every entry point to allow people to track their own movements.

Cleaning and Hygiene You must adhere to basic hygiene measures, including washing and drying hands with soap before and after any activity. Also exercise caution with common touch points (e.g. gates or doors) and wash or sanitise your hands after touching these surfaces.

Facilities must have a written plan for safe operation in place. Facilities, water, soap and towels/drier should be made available for participants to wash and dry their hands or hand sanitiser (containing at least 60% alcohol).

Gatherings must be limited to a maximum of 100 people (either indoors or outdoors). If unwell If you or members of your household are unwell, you should stay home. You should not participate in physical activity (or leave home) if you are displaying symptoms of COVID-19, awaiting a test result, or required to self-isolate.

Physical Distancing People are encouraged to remain 2 metres apart from people they don't know or where there is no contact tracing in place. You should wear face coverings in situations where physical distancing is not possible.

Alert Level 1

Hygiene

- Promote the washing and dry your hands regularly
- Provide and promote the use of sanitizer throughout the event
- Encourage people to cough in their elbow
- If you are unwell, please stay home

Contact tracing

- Provide written contact tracing register at the administration of the show to complete
- Display QR codes where applicable and promote the need to either scan or record your whereabouts

Physical distancing

- If you are unsure of the people around you, consider distancing yourself if you can

Safe practices throughout the event

Display appropriate signage and collateral promoting best safety practices throughout the show

The Waimarino shears will still operate and run through level 1 by applying these safety measures in this covid response plan

Alert Level 2

Due to the complexities and challenges during Alert level 2, The Waimarino Shears will cancel its event

Protect yourself and others from COVID-19

Wash your hands with soap and water often (for at least 20 seconds). Then dry.

Cough or sneeze into your elbow or by covering your mouth and nose with tissues.

Clean and disinfect frequently touched surfaces and objects, such as doorknobs.

Don't touch your eyes, nose or mouth if your hands are not clean.

Put used tissues in the bin or a bag immediately.

Stay home if you feel unwell.
